CODING

Saturday, December 3

1:00 - 3:00 PM

Lafayette Elementary School

Enter at Front of Building

Families and students (grades K-5) of Lafayette Elementary come learn about coding while enjoying some cookies and light refreshments. Students escorted by family members will participate in multiple activities including [code.org](https://code.org), Spheros (programmable, robotic balls), and unplugged activities. Come learn what coding is all about at this fun, free, and informative event!
