Announcing Research Mentoring Program Awardees

Boca Raton, Fla. (Nov. 7, 2018) – Senior colleagues with significant extramural funding are paired with tenure track and research faculty members to foster the exchange of ideas and best practices in funded research and commit to submitting a fundable research proposal at the end of the one year mentoring period.

Mentors awarded have significant extramural funding experience as a principal investigator. Mentees awarded have less than five years of experience in rank as a junior faculty member. The mentor will receive $1,000 for research support, while the mentee will receive a course release, up to $2,000, plus travel funds up to $500 to visit a funding agency program officer.

Faculty members recently named as Division of Research mentoring awardees are:
