

I-SENSE Seminar Series

Engineering Human Swallowing and Gait Functions

11 a.m. – 12 p.m. Thursday, April 4
Engineering East Building, Room 303
Boca Raton Campus

Ervin Sejdic, Ph.D.
Associate Professor,
Electrical and
Computer Engineering
Bioengineering Dept.
University of Pittsburgh
Swanson School of Engineering

Ervin Sejdic, Ph.D., has co-authored more than 130 publications, is the recipient of the 2016 Presidential Early Career Award for Scientist and Engineers, was awarded the 2017 National Science Foundation CAREER award and was also awarded the 2018 Chancellor's Distinguished Research Award at the University of Pittsburgh. His passion for discovery and innovation drives his constant endeavors to connect advances in engineering to society's most challenging problems. Hence, his research interests include biomedical signal processing, gait analysis, swallowing difficulties, advanced information systems in medicine, rehabilitation engineering, assistive technologies and anticipatory medical devices.
