LIMITED SUBMISSIONS

The Division of Research announces limited submissions on their website and coordinates the internal review process to identify the institution's nominee.

Cultivating Cultures for Ethical STEM

Internal deadline: Nov. 22
Agency deadline: Feb. 22
Limit: 1 per institution

Synopsis of Program:

Cultivating Cultures for Ethical STEM funds research projects that identify:

(1) factors that are effective in the formation of ethical STEM researchers and

(2) approaches to developing those factors in all the fields of science and engineering that NSF supports.

Proposals are sought for research that explores the following:

- What constitutes responsible conduct for research?
- Which cultural and institutional contexts promote ethical STEM research and practice and why?
