

## Grants.gov Workspace Training

**10 - 11:30 a.m. Jan. 17**

**Room 113, Instruction Services Building (IS-4)  
Boca Raton campus**

Effective Dec. 31, 2017, principal investigators are no longer able to download the older PDF application package from Grants.gov. Instead, they are required to use the Grants.gov Workspace portal when applying for federal funding. To assist with this change, the Office of Sponsored Programs is hosting a Grants.gov workspace training for faculty and staff.
