INNOVATION IN ACTION

BUILDING IMPACTFUL UNIVERSITY – INDUSTRY PARTNERSHIPS

Wednesday, March 18 | 3 p.m.

Research Park at FAU

3651 FAU Blvd., Suite 400, Boca Raton, FL 33431

Join Florida Atlantic University's Office of Technology Development and the Research Park at FAU for an engaging conversation on how universities and industry partners can work together to accelerate innovation, solve real-world challenges, and translate research into meaningful impact. This event brings together FAU researchers and industry leaders to share strategies, insights, and lessons learned from successful collaborative projects.

PROGRAM HIGHLIGHTS

- Best practices for establishing and sustaining university–industry research partnerships
- Perspectives from both academia and industry on how to work effectively across sectors
- Guidance on how each side can educate the other to maximize alignment and impact

NETWORKING RECEPTION

Following the panel and partnership spotlights, attendees are invited to connect with researchers, entrepreneurs, and other partners from across South Florida's growing innovation ecosystem.

All faculty, staff, students, entrepreneurs and community partners are welcome.
RSVP encouraged.
