FAU Office of Research Development - Limited Submissions Internal Competition: Deadline Aug. 1

Each year the **Florida Department of Health (FDoH)** has offered the **Ed & Ethel Moore Alzheimer's Disease Research Program** with limits on the number of applications that can move forward from an organization. Although FDoH has not yet posted the 2025-2026 Ed & Ethel Moore opportunity, the Office of Research Development (ORD) is setting the **internal (FAU) deadline for limited submissions tickets for this program to Aug. 1, 2025, 5 PM** to allow researchers enough time to prepare a competitive application.

Next steps:

This is an internal competition (within FAU); a full proposal is not needed, only an internal application. See instructions and **submit an internal application for this program** here. Refer to last year's opportunity from **GrantForward**, and **be sure to indicate the grant category and specific priority or focus area** you would like to pursue.

For more information or questions, email **limited@fau.edu**.

After the 2025-2026 Ed & Ethel Moore funding opportunity is announced by FDoH, FAU ORD will confirm allocated slots
