FLORIDA ATLANTIC UNIVERSITY

Lessons from Hurricane Irma for

Increasing Resilience

From Practice to Revising Plans and Policy

Tuesday, November 28

Marine Industries Association of South Florida – 221 SW 3rd Ave, Fort Lauderdale, FL 33312

Hosted by FAU's Center for Urban and Environmental Solutions in partnership with:

- FAU Harbor Branch
- Institute for Healthy Aging and Lifespan Studies
- Florida Center for Environmental Studies (CES)
- Freight Mobility Research Institute

For details and to register, click here.

In the aftermath of Hurricane Irma, stakeholders and decision-makers are responding to and examining the storm's impact on Florida. Join us for panel discussions of response and recovery, as well as the implications for resilience plans and policy.
