Every Sunday at 4:00PM

Beginning Sunday, June 7

Purpose: Pause and gather to remember our baptism, share the Gospel, pray and bless

What to expect:

If you sign on a few minutes before worship there will be a time of fellowship and greeting.

The live worship will include music, confession or thanksgiving for baptism, three scripture readings, a live or pre-recorded sermon from a variety of leaders, prayers and blessing.

The services will be 30-40 minutes long.

You may join via Zoom technology or live stream on the Upstate New York Synod You Tube page.

Pastor Lori Kochanski, Assistant to the Bishop for Faith Formation, will preside and coordinate the effort. (lkochanski@upstatenysynod.org)

Here are some ways to be a part of this synod effort of worship together:

- Join in the digital worship. This community is open to everyone, wherever you are. If you are a member of a church already or if you find yourself seeking a new place where you can worship from your home or you find yourself in need of a sacred space for prayer in community you are welcome here.
- If you are a rostered person, you are invited to take a turn at preaching. You may record a sermon or preach the sermon live in the midst of the digital worship.
- If you are a musician, you are encouraged to send a recording of a prelude and one hymn for use in worship.
- All people, If you enjoy serving as an assisting minister or reader there is a place for you in leadership of this worship community.
- Know your way around a spreadsheet? We could use support with keeping track of the details of this worshipping opportunity.
- Good at publicity? There is work for you!
- How about technology? We will put together hosting teams who will navigate the technology during the online worship experience. If you have interest in being on one of those teams there is a place for you.

Contact Pastor Lori Kochanski (lkochanski@upstatenysynod.org) if you have questions or are interested in sharing leadership of this ministry in one of the areas listed above.
