Kell House Rehabilitation Capital Campaign

One Community, One House, One Goal

We want to say a huge THANK YOU to Higginbotham Insurance for their contribution to the Capital Campaign for the Kell House Rehabilitation Project! Their contribution is pledged to help with the restoration of the Kell House elevator. This donation was made by the entire staff contributing as well as Higginbotham Insurance. The staff chose the Kell House for their donations. Many of the Higginbotham Insurance employees volunteer each year during Santa House. They have challenged other local businesses to be a part of Saving Our Past for the Future!

You can donate today at: https://squareup.com/store/wch

Reawakening the Heritage We Cherish

When the repairs are complete, the Kell House and its grounds will be reawakened and open to the public for use and activities, including weddings, receptions, educational programs and special events that will sustain the viability of the structure's future.
