A Hospice of Wichita Falls Program
for Grieving Children, Teens and Their Families

Building Bridges

Kindergarten - 12th Grade

September 18 - November 6
Tuesday Evenings from 6:30-7:30

Building Bridges offers emotional support to grieving children, teens and their families who have experienced loss through the death of someone significant.

Love Can Build A Bridge...

Building Bridges is offered to families grieving ANY type of death - not just families who have used hospice services. The death does not have to be recent, nor does the child need to be presenting difficulties.

Building Bridges is a FREE Community Service!
