PFAFF® Precision Portfolio

The results are unparalleled.

1. ActivStitch™ TECHNOLOGY – With three patents, this exclusive technology has revolutionized embroidery, bringing ultimate precision, even when using challenging novelty threads like metallic. Sensors measure the fabric thickness to regulate the amount of thread needed to achieve perfect balance between the needle and bobbin threads. Results are perfect on both sides of the fabric.

2. The Original IDT™ System

Integrated Dual Feed, only from the PFAFF® brand for over 45 years! An exclusive feature that delivers absolutely even fabric feed from both the top and the bottom, and ensures perfect seams on all fabrics.

3. Precise Positioning – Place every embroidery design exactly where you want it. Easily match multiple hoopings to create embroideries of unlimited size.

4. Exclusive Stitch Creator™ feature

Create entirely new 9mm stitches or edit any of the built-in stitches for unlimited creativity.

5. Unique – Shape Creator™ feature

Combine decorative stitches or design elements instantly to create truly unique borders and shapes. Shape Creator™ Appliqué feature reinvents how to create appliqués with speed and precision. Choose from a variety of distinctive shapes and letters.

Spacious

The sewing area to the
right of the needle
is supersized for
sewing large amounts
of fabric or batting.

Optimized Feeding provides more control when sewing through thick layers or seaming small pieces. Sew your seam and the PFAFF® creative sensation™ pro II sewing and embroidery machine will remember the seam length to repeat over and over, thanks to the **Patchwork Program**. **High Presser Foot Clearance** – Easily place thick fabric or multiple layers under the presser foot. **Free-motion Sewing** – Choose one of the three Free-motion Modes and the machine will be set automatically. **Extension Table** (optional) –

Substantially increases your work area. Even very large quilting projects can be handled comfortably. **Automatic Presser Foot Lift** – Raises the presser foot instantly when the needle is set to stop down and/or at the end of a seam after a thread snip. You can also use the **Electronic Knee-Lift** to raise the presser foot while your hands are busy guiding the fabric. **Straight Stitch Needle Plate with Sensor** – Machine is automatically set to straight stitch mode when the plate is attached, preventing needle breakage.

Decorative Stitches are an infinite source of inspiration. The **ShapeCreator™** feature makes it easy to design decorative borders and personalized labels for your work.

The time-tested PFAFF® Original IDT™ System guarantees the optimal feed you expect on all kinds of fabrics.

Lightweight and silky fabrics don't pucker; stripes and plaids match perfectly; curved seams are easy, with very little pinning required. The Original IDT™ System is exceptional for feeding small fabric pieces and moves effortlessly from a single layer to multiple layers. It even sews over bulky seams with no hesitation.
