Croakies® Suiters / Landyard Hybrid

Want to get away from single-use lanyards that just end up in the landfill after the event is over? Keep your marketing message going long afterwards with our versatile **Croakies Hybrids** which convert from a Lanyard to an Eyewear Retainer and back again! Use it as a super soft lanyard and badge holder for your 9-to-5 and then keep your shades safe on the water, on the trails, and around town!

How a Hybrid works – The black plastic insert slips into each end of the Suiter (where the eyewear temples would normally be). Then a badge holder or other item can be attached to the plastic insert. To switch back, simply remove the plastic insert and slide your Suiter ends onto your eyewear temples. The plastic insert is included, but the clip-on vinyl business card holder we offer is sold separately so you can decide if it's the best fit for your needs.
