NWTAC Energy Excellence Award

Sponsored by:

Government of
Northwest Territories

Department of Infrastructure

Award Description

Goal

- Celebrate an NWT community that demonstrates leadership in improving energy efficiency and reducing greenhouse gas emissions.

Eligibility

All 33 community governments in the NWT

Criteria

Demonstrate how your community is taking action to improve energy efficiency and reduce emissions. Some examples include:

- Mainstreaming energy efficiency and emissions reduction into existing budgets, policies and bylaws, operations, and planning.
- Taking steps to make infrastructure and operations more energy efficient including completing energy audits and implementing recommendations.
- Undertaking planning and assessment projects (for example updating a community energy plan, determining energy footprint, identifying opportunities to switch to renewable energy sources)
- Offering opportunities and programs for residents to learn and take action to reduce their carbon footprint.
- Partnering and communicating with other organizations, communities, and other levels of government to support energy efficiency and emissions reductions; and
- Participating in related training, pilot studies, workshops etc.

Award

\$5000 to go towards an energy efficiency or emissions reduction initiative in the winning community.

Complete the Nomination form and attach with that an explanation why your community should receive the Energy Excellence Award. Tell us some amazing stories of how you as a community provide, promote, and work at confronting the energy challenge in our northern communities.
