

Over the past twelve months the History Team has researched the history of St. Andrew’s, gathering information from parishioners, church archives and past history books. Many church members past and present have contributed with articles and photographs. This history book has 330 pages with full-color photographs, many discovered through the process. It is a bound book with a heavy weight paper cover. The History Team hopes this will become a family treasure that will be enjoyed for the next 100 years.
