

Dear Muskoka Businesses,

As a seasonal business, like many in Muskoka, we rely on cottagers and seasonal residents to succeed.

However with the current COVID-19 outbreak, many local residents are concerned about the influx of traffic.

We have been part of Muskoka for 35 years, and as a special celebration, and to support local business, we want to open our docks to local businesses to conduct “dockside drop offs” for cottagers and seasonal residents.

This means you can schedule specific dates and times with your cottage customers to pickup their orders at our docks for convenience.

This means we can all support each other as Muskoka businesses, but also do our part to keep our communities safe and vibrant.

We are happy to invite cottagers up north and believe this initiative will support the financial health of Muskoka.

We operate three marina locations in Muskoka.

Pride of Muskoka on Lake Muskoka  
Pride of Rosseau on Lake Joseph/Rosseau  
Pride of Lake of Bays

We ask Muskoka businesses who want to provide dockside deliveries at one of our locations to contact Joe Donoghue (Marketing Manager) at 705-990-0352 or by email at [jdonoghue@pridemarinegroup.com](mailto:jdonoghue@pridemarinegroup.com).

This program is simple. If we select your business, you can schedule dockside deliveries with your customers from the chosen location listed above. You will be free to use our docks to provide your goods to customers.

We ask that you and your customers respect our guidelines around sanitation and physical distancing and together we can remain Muskoka Strong.

Joe Donoghue
