ERSEA - Developing Policies & Procedures

ERSEAD4

2 Days

Description

This two day course will give you the core skills to develop compliance driven policies and procedures. Students will come away with a ERSEA manual packed with the how-to's and insights to guide you through every step in the ERSEA policy and procedure development process—from deciding if your current written policies and procedures are ERSEA compliance driven or program driven. Students will learn about the new ERSEA Assessment Tool, how to use it to implement policy and procedures throughout program structure and how to implement the tool into their program procedures. Students will also learn the latest information on how to write system-related monitoring policies and procedures that ensure ERSEA PIR and program monthly standards.

Prerequisites

- Knowledge of Performance Standards
- Knowledge of PIR
