

Possible survey questions regarding Emanuel's re-opening plan:

When the church is re-opened for worship, do you plan on attending:

1. in-person in sanctuary while social distancing
2. watch live worship from home through streaming service (ex - YouTube, Facebook Live; not interactive)
3. watch recording of service at a later time

If **yes** to in-person worship:

1. If applicable, will you have children attend Sunday School if offered?
2. Would you be willing to continue with previous worship service roles (liturgist, acolyte, usher, etc)?
3. Are you comfortable with receiving communion
 - by coming forward and taking prepackaged bread/juice
 - bringing my own communion
 - will not eat/drink in public gathering
4. We will be requiring face masks (temperature check?) before entering the building. Is this an issue?

If **no** to in-person worship:

1. Are you interested in being provided Christian Education materials for adult or children?
2. How can we best keep you connected with our Emanuel community?
