Dear Emanuel High Church,

Wow! We are overwhelmed by the level of support we received this year with our school supply drive for students that are less fortunate in our community. This year we had a 30% increase vs the previous year. Many of you saw the increase in physical donations and we also saw the increase in monetary donations!

The school administrators were thrilled with the deliveries made to each of the four schools. Thank you for your participation in making this service project such a success. We could not have done it without your help.

Best regards,

A handwritten signature in black ink, which appears to read 'John Aldrich'.
