Treating Patients with Depression Using Coordinated Medication Management

July, 2017

Presenter: P. Elisabeth Hager, MD, MMM, CPE – Regional Medical Director, Beacon Health Options

Description: This activity is a free, online training which will be available from July 1st, 2017, through June 30th, 2018. Each eLearning module is 45 minutes in duration; this includes 30 minutes for the presentation and 15 minutes to complete the tests and evaluation. During this webinar, the presenter will provide a comprehensive overview of the appropriate diagnosis of depression and the use of standardized screening tools. In addition, the presenter will review the options for medication management of depression in a primary care setting.

Target Audience: This activity is intended for NHP's network of primary care practitioners.

Objectives: Upon completion of this activity, participants will be able to:

1. Improve the accuracy of diagnosing depression
2. Assess the use of depression screening tools
3. Identify medical mimics of depression
4. Review the role of Psychotropic Drug Intervention Program (PDIP) & Antidepressant Medication Management (AMM) program in medication adherence for patients with depression
5. Recognize appropriate medication treatment of depression

Course Director: Anton B. Dodek, MD – Chief Medical Officer, NHP

Accreditation per Module: Partners HealthCare System is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Partners HealthCare System designates this enduring material for a maximum of .75 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

"Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to .75 Medical Knowledge MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit."
