## TAKE YOUR KEYS

Leaving your car running while unattended is illegal.

**I'LL ONLY BE A FEW MINUTES.**

We've all considered doing it at one time or another. Next time you think about leaving your car running, think twice.

**Cars left unattended to warm up give out a clear message...**

# **STEAL ME**

***Don't make your car  
cosy for criminals***

## The Do's and Do Not's When a Crime Happens

### Do:

- Report crimes or possible crimes to the police.
  - If it is an emergency, call 911.
  - Otherwise, call 937-333-2677.
  - A report can be done online as well as by going to [daytonpolicereports.com/apps/citizenreporting](http://daytonpolicereports.com/apps/citizenreporting)
- Look through video footage if you have a camera. Detectives need all the information about when the crime occurred and if there is any suspect information.

### Don't:

- Report crimes on social media or social pages such as Facebook, Nextdoor, Ring Neighbors, etc.
- Report incidents at neighborhood meetings (unless an officer is present, a report cannot be taken from a third party.)
- Wait to report a crime. Report it immediately after it has been discovered.

## WEEKLY ARRESTS

			
Gerald Davis 09/09/1966 Residential Burglary	Tony Noble 07/01/1971 Theft from Motor Vehicle	James King 04/10/1963 Theft from Motor Vehicle	Benny Wilson 11/26/1969 Theft from Motor Vehicle
		 <b>No Mugshot Available</b>	
Gary Frazier 08/04/1976 Residential Burglary	Thomas Jones 06/11/1971 Breaking and Entering	Shaquan Barker 11/02/2005 Theft	

# The 10 Principles of Crime Prevention

These principles can assist you in reducing the opportunity for crime to occur at your home, your place of work or your business. They can be considered for development and implementation by individuals, communities, partners or businesses and act as a check-list to see what steps you may be able to take for your own particular circumstances. It's not a case of having to use all of the 10 Principles at once, you may find using just one of them could help you or it may be a combination of several of them.

When you are looking at using the principles of crime prevention to improve security around your home or business, the best way to approach it is to look at your home or premises as if you were the offender. Identify the weak spots, vulnerable areas and concealment points and prioritise the areas for improvement. Contact our Crime Prevention Officers before you undertake any improvements and they will work with you to ensure that you are taking the best approach possible for your respective circumstances.

## **The 10 Principles of Crime Prevention are:**

### **1. Target Hardening**

Making your property harder for an offender to access.

Upgrading the locks on your doors, windows, sheds and outbuildings  
Fitting sash jammers to vulnerable doors and windows  
Using secure passwords to prevent criminals hacking your online accounts

### **2. Target Removal**

Ensuring that a potential target is out of view.

Not leaving items on view through your windows – i.e. laptops, phones, keys, bags

Putting your vehicle in the garage if you have one and not leaving valuables on display

Being cautious about what you post online as it may be used to identify or locate you offline

### **3. Reducing the Means**

Removing items that may help commit an offence.

Not leaving tools and ladders in the garden and clearing up any rubble/bricks

Keeping wheelie bins out of reach, as they may be a climbing aid or help transport items

Making sure that bricks and rubble are cleared up

### **4. Reducing the Payoff**

Reducing the profit the criminal can make from the offence.

Security marking your property

Marking your property in such a way that others will not want to buy from the thief

Not buying property you believe or suspect to be stolen

### **5. Access Control**

Looking at measures that will control access to a location, a person or object.

Locking your doors and windows to both your house and your vehicle

Ensuring that fencing, hedges, walls and other boundary treatments are in a good state of repair

Putting a security system in place at a commercial site (entry barriers, security guards, ID cards)

## 6. Surveillance

Improving surveillance around homes, businesses or public places to deter criminals.

Removing high hedges / fences at the front of your home that allows an offender to work unseen

Consider adding CCTV to a commercial site or public place

Establishing a Neighbourhood Watch Scheme in your street

## 7. Environmental Change

Ensuring your property and wider community looks cared for.

Ensuring that graffiti and domestic/commercial waste is cleared up

Reporting issues with fly-tipping or broken street lights to the relevant authority

Working with the police and local authority to close a footpath

## 8. Rule Setting

Changing our habits by setting rules and positioning signage in appropriate locations.

Introducing a rule that the last person entering / leaving should lock the door and remove the keys

Informing visitors to commercial sites that they must report to reception on arrival

Informing users that a particular site is closed between certain times and should not be accessed

## 9. Increase the Chances of Being Caught

Increasing the likelihood that an offender will be caught to prevent crime occurring.

Making use of dusk to dawn security lighting is in place and in working order

Using good quality CCTV and/or alarm systems, especially on commercial sites and public places

Upgrading security to delay an offender, meaning they have to spend more time to gain access

## **10. Deflecting Offenders**

Deterring an offender or deflecting their intention.

Using timer switches to make our homes look occupied if vacant after the hours of darkness

Running youth diversionary schemes with partner agencies

Referring offenders to drug rehabilitation program.
