Marking 72 Years of Independence: Celebrating Israel's Diversity

Remembering 1st Sergeant Major Keren Tendler -
A conversation with Keren's mother

Join us on Sunday, April 26th from 11:00-12:00 AM live on Facebook or on Zoom as we remember the life of 1st Sergeant Major Keren Tendler, the first female flight mechanic in the Israel Air Force who was killed in the 2nd Lebanon War in 2006.

After entering the military and completing her Air Force mechanics course, Keren chose the male-dominated profession of becoming a helicopter flight mechanic. Her helicopter was shot down over Lebanon by a Hezbollah rocket during combat operations in the war.

Keren Tendler, age 26, was the first woman to lose her life on active duty since 1973.
