

L'Dor V'Dor: A Jewish Family Services Fundraiser

"L'dor V'dor" is the Hebrew phrase for "from generation to generation." Doug Barton's Indiana limestone sculpture connects us to the beautiful concept in Judaism that evokes emotional images of the Torah being lovingly passed down from one generation to the next. L'dor V'dor refers to continuity, and responsibility of passing on spiritual knowledge and cultural traditions from generation to generation in order to sustain the customs, heritage, and collective memory of the Jewish people.

The Community has a unique opportunity to help support JFS while helping to purchase "L'Dor V'Dor" for permanent display at the Kurt & Tessy Simon Community Building. All proceeds from this sale will be donated to our Jewish Family Services department.

You are welcome to participate in this collective fundraising effort by making a gift of any size in multiples of Chai: \$18, \$36, \$54, \$72, \$90, ...\$180, and beyond. L'Dor V'Dor sculpture donations will be accepted through Thanksgiving.

—Please help us purchase the L'dor V'dor sculpture to secure a piece of Doug's Judaic art for the Jewish Federation's community building, a structure that was built and dedicated during Doug's presidency.
