Please expect a call or email from the therapist or workshop leader approximately 2 days in advance of your start date to obtain details concerning our safety practices for in-office camps and workshops. If you are attending a virtual program, your therapist or workshop leader will email you a link to aid in setting up the software needed for the start date. Following registration, you will receive a statement via email that details charges and payments.

If you are signing up for the Parenting or Relationship Workshops, please provide us with some information about yourself or family and some of the things you would like to address through the workshop.
