Preventing Pedestrian & Forklift Traffic Accidents!

One Solution!

Dome Sizes Available:
18"- 26"- 32"
36"& 48"

A full mirrored dome suspended over the intersection. Mounted as low as possible. (left-right viewing angle safety)

When you have space & facility limitations for hanging. These are viable alternatives.

Convex Mirrors

Convex Mirrors are mounted beyond the intersection. Locate mirrors at appropriate angles for best safety awareness.

Convex Sizes Available:
12"-18"- 26"- 30"
36" & 48"

MICHIGAN MADE IN USA

What size mirrors do I need?

180° Viewing Mirrors

DomeVex Sizes Available:
