Now in its 11<sup>th</sup> year, the **Virginia Wine Expo** is a dream destination. It is the season's hottest wine, craft beer, whiskey and culinary event in the mid-Atlantic region and features a world-class venue, the recently revitalized Main Street Station in Downtown, for many of its events. A dramatically refreshed schedule includes well-curated and informative wine, spirits, craft beer and food experiences.

At the heart of Expo are the **Walk-Around Tastings** which include premium wines of Virginia along with selections from Oregon and New Zealand/Australia, the National and International Guest Regions. There will also be samplings of ciders, spirits and specialty foods. Taste why Virginia, with 280+ wineries, has emerged as one of America's premier wine regions. Enjoy comparing and contrasting Virginia wines to those of the guest regions.

New this year is the **Bounty of Virginia**, a gourmet farm-and-water-to-table food and wine event featuring traditional and modern interpretations of fresh, native Virginia cuisine from the land to the Chesapeake Bay. This is an extraordinary grazing event where you go station to station enjoying an assortment of inventive dishes from some of Richmond's best chefs, along with a selection of Virginia wine.

**Rooted in Richmond** is an extraordinary new grazing event where you go station to station enjoying highlights from talented chefs and diverse ethnic cuisines. It celebrates the diversity and excellence of Richmond's nationally acclaimed dining scene.

Additional signature events at this year's Virginia Wine Expo include **SMOKED!**, **Burger Blast** and **A Noodle & Dumpling Affair**.
