WILLIAMSBURG HARVEST CELEBRATION

www.williamsburgharvestcelebration.com

The 10-day event in the Greater Williamsburg area is America's original farm to table event. This is your opportunity to eat, drink and learn while attending 30+ culinary inspired events highlighting all things Virginia: Chefs, Farmers, Artisans, Foragers, Authors, Brewers, Winemakers and Culinary Historians. The Chowder Fest at Jamestown Beach, Oyster Roast in Yorktown and Lamb & Clams at The Williamsburg Winery are among the many popular events.

In 1607, farm/sea to table was not a fad, but a means of survival nurtured by relationships formed between the Jamestown settlers and native Americans. Today, the same land yields culinary treasures turned into gastronomic art du cuisine at fine restaurants and establishments on the Virginia Peninsula. The 2015 Williamsburg Harvest Celebration honors the land and the culinary lifestyle found in the kitchens of America.

The Celebration is a collaborative effort with the City of Williamsburg, James City County, York County and Williamsburg Winery overseen by the Greater Williamsburg Chamber & Tourism Alliance. For complete information, visit the website:
