The [Health Insurance Doctor](#), Stephen Weinberger, has specialized in working with Realtors for the past 4 years. Stephen is an Affiliate member of multiple Real Estate Associations, including Cobb Association of Realtors. In fact, many clients have referred to him as the [Health Insurance Whisperer](#) for Realtors!

Stephen was thrilled to be selected as one of the Spotlight Affiliate Sponsors for January. Here are his comments:

"I know that [health insurance](#) is never a pleasant topic, but it is so important to have, and often misunderstood. We completely understand the problems of the current system for Realtors, when it comes to choosing the correct health insurance plan for yourself and your families, based on prices and coverages.

We offer \$0 copay, \$0 deductible PPO plans that will save you up to 60% , compared to Marketplace plans. Many of my clients with families are saving over \$10,000 a year in annual premiums! As a Realtor and a 1099 employee, this is REAL money back in your pocket, with REAL insurance to protect you!

In addition, there are no enrollment periods to worry about! If you have already signed up for a plan you're not happy with, or you missed the Marketplace deadline, you now have the option to change plans anytime with [Health Insurance Doctor](#)," Said Stephen.

Prior to his successful career as an Award-Winning Insurance Broker, Stephen was a Certified NFL Agent who negotiated contracts for more than 50 players during his 16-year career.

We hope that you will reach out to the [Health Insurance Doctor](#), Stephen, for a policy comparison or a health insurance quote.
