We want to hear from YOU about youth and family engagement in research!

What is the study about?

We want to understand what parts of patient engagement models are most meaningful to **family members (e.g., parents, caregivers, siblings)** of youth

What is involved?

A 60 minute Zoom interview with the research team

Who can participate?

- **Family members** of youth (aged 10 and 24 years)
- Living in **Canada**
- Speak and understand **English**
- Have experience in youth and family **engagement** in health research within the last 3 years (e.g., research partner)

What are the Benefits?

Contribute to improve youth and family engagement in research
An **honorarium** for your participation
