

### Annex I-A: 50% Section 232 Tariff on Full Value

Note: A 50% *ad valorem* Section 232 tariff shall apply to the full value of the following articles. If a product is identified on multiple lists in this Annex, it will only be subject to a 50% Section 232 tariff, rather than a combined rate.

| Steel      | Description                                                                                                                                                     |
|------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 7206       | Iron and nonalloy steel in ingots or other primary forms (excluding iron of heading 7203)                                                                       |
| 7207       | Semifinished products of iron or nonalloy steel                                                                                                                 |
| 7208       | Flat-rolled iron or nonalloy steel products, 600 mm (23.6 in.) or more wide, hot-rolled, not clad, plated or coated                                             |
| 7209       | Flat-rolled iron or nonalloy steel products, 600 mm (23.6 in.) or more wide, cold-rolled, not clad, plated or coated                                            |
| 7210       | Flat-rolled iron or nonalloy steel products, 600 mm (23.6 in.) or more wide, clad, plated or coated                                                             |
| 7211       | Flat-rolled iron or nonalloy steel products, less than 600 mm (23.6 in.) wide, not clad, plated or coated                                                       |
| 7212       | Flat-rolled iron or nonalloy steel products, less than 600 mm (23.6 in.) wide, clad, plated or coated                                                           |
| 7213       | Bars and rods of iron or nonalloy steel, hot-rolled, in irregularly wound coils                                                                                 |
| 7214       | Bars and rods of iron or nonalloy steel nesoi, not further worked than forged, hot-rolled, hot-drawn or hot-extruded, but including those twisted after rolling |
| 7215       | Bars and rods of iron or nonalloy steel nesoi                                                                                                                   |
| 7216.10.00 | Iron or nonalloy steel, U-, I- or H-sections, not further worked than hot-rolled, hot-drawn or extruded, with height under 80 mm                                |
| 7216.21.00 | Iron or nonalloy steel, L-sections, not further worked than hot-rolled, hot-drawn or extruded, with height under 80 mm                                          |
| 7216.22.00 | Iron or nonalloy steel, T-sections, not further worked than hot-rolled, hot-drawn or extruded, with height under 80 mm                                          |
| 7216.31.00 | Iron or nonalloy steel, U-sections, not further worked than hot-rolled, hot-drawn or extruded, with height of 80 mm or more                                     |
| 7216.32.00 | Iron or nonalloy steel, I-sections (standard beams), not further worked than hot-rolled, hot-drawn or extruded, with height of 80 mm or more                    |
| 7216.33.00 | Iron or nonalloy steel, H-sections, not further worked than hot-rolled, hot-drawn or extruded, with height of 80 mm or more                                     |
| 7216.40.00 | Iron or nonalloy steel, L- or T-sections, not further worked than hot-rolled, hot-drawn or extruded, with height of 80 mm or more                               |
| 7216.50.00 | Iron or nonalloy steel, angles, shapes and sections nesoi, not further worked than hot-rolled, hot-drawn or extruded                                            |
| 7216.99.00 | Iron or nonalloy steel, angles, shapes and sections nesoi, further worked than cold-formed or cold-finished, not from flat-rolled products                      |
| 7217       | Wire of iron or nonalloy steel                                                                                                                                  |
| 7218       | Stainless steel in ingots, other primary forms and semifinished products                                                                                        |
| 7219       | Flat-rolled stainless steel products, width of 600 mm (23.6 in.) or more                                                                                        |

|            |                                                                                                                                                                                      |
|------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 7220       | Flat-rolled stainless steel products, less than 600 mm (23.6 in.) wide                                                                                                               |
| 7221       | Bars and rods of stainless steel, hot-rolled, in irregularly wound coils                                                                                                             |
| 7222       | Bars and rods of stainless steel nesoi; angles, shapes and sections of stainless steel                                                                                               |
| 7223       | Wire of stainless steel                                                                                                                                                              |
| 7224       | Alloy steel (other than stainless) in ingots, other primary forms and semifinished products                                                                                          |
| 7225       | Flat-rolled alloy steel (other than stainless) products, width of 600 mm (23.6 in.) or more                                                                                          |
| 7226       | Flat-rolled alloy steel (other than stainless) products, less than 600 mm (23.6 in.) wide                                                                                            |
| 7227       | Bars and rods of alloy steel (other than stainless), hot-rolled, in irregularly wound coils                                                                                          |
| 7228       | Bars and rods nesoi, angles, shapes and sections of alloy steel (other than stainless); hollow drill bars and rods, of alloy or nonalloy steel                                       |
| 7229       | Wire of alloy steel (other than stainless)                                                                                                                                           |
| 7301.10.00 | Iron or steel sheet piling, whether or not drilled, punched or made from assembled elements                                                                                          |
| 7302.10    | Railway or tramway rails of iron or steel                                                                                                                                            |
| 7302.40.00 | Iron or steel, fish plates and sole plates for jointing or fixing rails                                                                                                              |
| 7302.90    | Railway or tramway track construction material of iron or steel, nesoi                                                                                                               |
| 7304       | Tubes, pipes and hollow profiles, seamless, of iron (other than cast) or steel                                                                                                       |
| 7305       | Tubes and pipes nesoi (welded, riveted or similarly closed, etc.), having internal and external cross sections with an external diameter of over 406.4 mm (16 in.), of iron or steel |
| 7306       | Tubes, pipes and hollow profiles nesoi (open-seamed or welded, riveted or similarly closed), of iron or steel                                                                        |

| <b>Steel Derivatives</b> | <b>Description</b>                                                                                                                                                 |
|--------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 7216.91.00.10            | Iron or nonalloy steel, angle, shapes and sections nesoi, cold-formed or cold-finished from flat-rolled products, further worked than cold-formed or cold-finished |
| 7301.20.10               | Iron or nonalloy steel, angles, shapes and sections, welded                                                                                                        |
| 7301.20.50               | Alloy steel, angles, shapes and sections of alloy steel, welded                                                                                                    |
| 7302.30.00               | Iron or steel, switch blades, crossing frogs, point rods and other crossing pieces, for jointing or fixing rails                                                   |
| 7307.19.30               | Cast ductile iron or steel, fittings for tubes or pipes                                                                                                            |
| 7307.19.90               | Cast iron or steel, fittings for tubes or pipes, nesoi                                                                                                             |
| 7307.21.10               | Stainless steel, flanges for tubes or pipes, forged, not machined, not tooled and not otherwise processed after forging                                            |
| 7307.21.50               | Stainless steel, not cast, flanges for tubes or pipes, not forged or forged and machined, tooled and otherwise processed after forging                             |

|            |                                                                                                                                                           |
|------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------|
| 7307.22.10 | Stainless steel, not cast, threaded sleeves (couplings) for tubes or pipes                                                                                |
| 7307.22.50 | Stainless steel, not cast, threaded elbow and bends for tubes or pipes                                                                                    |
| 7307.23.00 | Stainless steel, not cast, butt welding fittings for tubes or pipes                                                                                       |
| 7307.29.00 | Stainless steel, not cast, fittings for tubes or pipes, nesoi                                                                                             |
| 7307.91.10 | Iron or nonalloy steel, flanges for tubes or pipes, forged, not machined, not tooled and not otherwise processed after forging                            |
| 7307.91.30 | Alloy steel (other than stainless), not cast, flanges for tubes or pipes, forged, not machined or tooled and not otherwise processed after forging        |
| 7307.91.50 | Iron or steel (other than stainless), not cast, flanges for tubes or pipes, not forged or forged and machined, tooled and processed after forging         |
| 7307.92.30 | Iron or steel (other than stainless), not cast, threaded sleeves (couplings) for tubes or pipes                                                           |
| 7307.92.90 | Iron or steel (other than stainless), not cast, threaded elbow and bends for tubes or pipes                                                               |
| 7307.93.30 | Iron or nonalloy steel, not cast, butt welding fittings for tubes or pipes, with an inside diameter of less than 360 mm                                   |
| 7307.93.60 | Alloy steel (other than stainless), not cast, butt welding fittings for tubes or pipes, with an inside diameter of less than 360 mm                       |
| 7307.93.90 | Iron or alloy steel (other than stainless), not cast, butt welding fittings for tubes or pipes, with an inside diameter of 360 mm or more                 |
| 7307.99.10 | Iron or nonalloy steel, fittings for tubes or pipes, nesoi, forged, not machined, not tooled and not otherwise processed after forging                    |
| 7307.99.30 | Alloy steel (other than stainless), fittings for tubes or pipes, nesoi, forged, not machined or tooled and not otherwise processed after forging          |
| 7307.99.50 | Iron or steel (other than stainless), not cast, fittings for tubes or pipes, nesoi, not forged or forged and machined, tooled and processed after forging |
| 7308.10.00 | Iron or steel, bridges and bridge sections                                                                                                                |
| 7308.20.00 | Iron or steel, towers and lattice masts                                                                                                                   |
| 7308.30.10 | Stainless steel, doors, windows and their frames, and thresholds for doors                                                                                |
| 7308.30.50 | Iron or steel (other than stainless), doors, windows and their frames, and thresholds for doors                                                           |
| 7308.40.00 | Iron or steel, props and similar equipment for scaffolding, shuttering, propping or pit-propping                                                          |
| 7308.90.30 | Iron or steel, not in part alloy steel, columns, pillars, posts, beams and girders                                                                        |

| 8503.00.65   | Stators and rotors for electric motors and generators of heading 8501, nesoi                                                                             |
| 8503.00.75   | Parts of electric motors under 18.65 W, other than commutators, stators or rotors                                                                        |
| 8503.00.95   | Other parts, nesoi, suitable for use solely or principally with the machines in headings 8501 or 8502                                                    |
| 8504.21.00   | Liquid dielectric transformers having a power-handling capacity not exceeding 650 kVA                                                                    |
| 8504.22.00   | Liquid dielectric transformers having a power-handling capacity exceeding 650 kVA but not exceeding 10,000 kVA                                           |
| 8504.32.00   | Electrical transformers other than liquid dielectric, having a power-handling capacity exceeding 1 kVA but not exceeding 16 kVA                          |
| 8504.33.00   | Electrical transformers other than liquid dielectric, having a power-handling capacity exceeding 16 kVA but not exceeding 500 kVA                        |
| 8504.90.9634 | Laminations for incorporation into stacked cores, transformer parts                                                                                      |
| 8504.90.9638 | Stacked cores for incorporation into transformer parts                                                                                                   |
| 8504.90.9642 | Wound cores for incorporation into transformer parts                                                                                                     |
| 8509.80.20   | Electromechanical kitchen waste disposers (disposals), with self-contained electric motor, for domestic uses                                             |
| 8514.20.40   | Industrial or laboratory electric furnaces and ovens, other                                                                                              |
| 8514.20.60   | Industrial or laboratory microwave ovens, nesoi                                                                                                          |
| 8516.29.00   | Electric space-heating apparatus and electric soil-heating apparatus, other than storage-heating radiators                                               |
| 8516.60.40   | Electrothermic cooking stoves, ranges and ovens (excluding microwave ovens), of a kind used for domestic purposes                                        |
| 8516.60.60   | Electrothermic cookers, cooking plates, boiling rings, grillers and roasters, nesoi, of a kind used for domestic purposes                                |
| 8547.90.00   | Electrical conduit tubing and joints therefor, of base metal lined with insulating material; insulating fittings for electrical goods nesoi              |
| 8601.10.00   | Rail locomotives powered from an external source of electricity                                                                                          |
| 8601.20.00   | Rail locomotives powered by electric accumulators (batteries)                                                                                            |
| 8602.10.00   | Diesel-electric locomotives                                                                                                                              |
| 8602.90.00   | Rail locomotives (other than diesel-electric), non-electric; locomotive tenders                                                                          |
| 8603.10.00   | Self-propelled railway or tramway coaches, vans and trucks (other than those of heading 8604), powered from an external source of electricity            |
| 8603.90.00   | Self-propelled railway or tramway coaches, vans and trucks (other than those of heading 8604), other than powered from an external source of electricity |
| 8604.00.00   | Railway or tramway maintenance or service vehicles, whether or not self-propelled                                                                        |

|--------------|--------------------------------------------------------------------------------------------------------------------------------------------------------|
| 8605.00.00   | Railway or tramway passenger coaches and special-purpose railway or tramway coaches, not self-propelled                                                |
| 8606.10.00   | Railway or tramway tank cars, not self-propelled                                                                                                       |
| 8607.11.00   | Parts of railway or tramway locomotives or rolling stock, truck assemblies for self-propelled vehicles                                                 |
| 8607.19.03   | Axles for railway or tramway locomotives or rolling stock                                                                                              |
| 8607.19.06   | Parts of railway or tramway locomotives or rolling stock, parts of axles                                                                               |
| 8607.19.12   | Parts of railway or tramway locomotives or rolling stock, wheels, whether or not fitted with axles                                                     |
| 8607.19.15   | Parts of railway or tramway locomotives or rolling stock, parts of wheels                                                                              |
| 8607.19.90   | Parts of railway or tramway locomotives or rolling stock, parts of truck assemblies for self-propelled vehicles or for non-self-propelled stock nesoi  |
| 8607.21.50   | Parts of railway or tramway locomotives or rolling stock, air brakes and parts thereof for self-propelled vehicles or non-self-propelled stock nesoi   |
| 8607.30.1010 | Assembled freight rail couplers                                                                                                                        |
| 8607.30.1050 | Freight rail coupler parts                                                                                                                             |
| 8607.30.1090 | Assembled freight rail couplers                                                                                                                        |
| 8607.30.50   | Parts of railway or tramway locomotives or rolling stock, hooks and other coupling devices, buffers, parts thereof, for stock of headings 8601 to 8605 |
| 8607.91.00   | Parts, nesoi, of railway or tramway locomotives                                                                                                        |
| 8607.99.50   | Parts, nesoi, of railway or tramway rolling stock, nesoi                                                                                               |

### Annex III: Temporary Reduction List for Section 232 Steel and Aluminum Derivatives

Note: The 25% Section 232 tariff on steel and aluminum derivative articles shall be reduced for products listed in this Annex, as outlined in clause (5) of the Proclamation, until December 31, 2027. If a product is identified on both lists in this Annex, it will only be subject to a Section 232 tariff once, rather than a combined rate.

#### Annex IV

A. Effective with respect to goods entered for consumption, or withdrawn from warehouse for consumption, on or after 12:01 a.m. eastern time on April 6, 2026, subchapter III of chapter 99 of the Harmonized Tariff Schedule of the United States (HTSUS) is modified as follows:

1. U.S. note 16 is deleted and the following new U.S. note 16 is inserted in lieu thereof:

“16. (a) Except as provided in headings 9903.85.67 and 9903.85.68, headings 9903.82.02–9903.82.17 provide the ordinary customs duty treatment of certain articles of aluminum, of steel, or of copper and certain derivative aluminum or steel articles as provided for in subdivision (c) of this note. These headings are mutually exclusive, such that an imported article will be subject to no more than one of these headings.

(b) For imported articles provided for in headings 9903.82.02–9903.82.17 that are eligible for special tariff treatment under any of the free trade agreements or preference programs listed in general note 3(c)(i) to the tariff schedule, the duties provided in these headings shall be collected in addition to any special rate of duty otherwise applicable under the appropriate tariff subheading. Goods for which entry is claimed under a provision of chapter 98 to the HTSUS and that are subject to the additional duties prescribed herein shall be eligible for and subject to the terms of such provision and applicable U.S. Customs and Border Protection (CBP) regulations, except that duties under subheading 9802.00.60 shall be assessed based upon the full value of the imported article. No claim for entry or for any duty exemption or reduction shall be allowed under a provision of chapter 99 to the HTSUS that may set forth a lower rate of duty or provide duty-free treatment, taking into account information supplied by CBP. All antidumping, countervailing or other duties and charges applicable to such goods shall continue to be imposed.

(c) Headings 9903.82.02–9903.82.17 apply to the full customs value of articles classifiable in the provisions of the HTSUS enumerated in the following lists. For articles classified in the listed provisions that are not in chapters 72, 73, 74 or 76 of the HTSUS, headings 9903.82.02 and 9903.82.04–9903.82.17 only apply where the weight of the applicable metal is at least 15 percent of the weight of the imported article. The applicable metal is identified in the title of each of the lists below. If an article is classified in a provision that is present on multiple lists, use the aggregate weight of the listed metals.

(i) Articles of aluminum:

(d) Headings 9903.82.04 and 9903.82.05 apply to articles the product of the United Kingdom in which at least 95 percent of the aluminum was smelted or most recently cast in the United Kingdom, or in which at least 95 percent of the steel was melted and poured in the United Kingdom. Heading 9903.82.04 applies to such products classifiable in the provisions enumerated in subdivisions (c)(i)–(iv) of this note. Heading 9903.82.05 applies to such products classifiable in the provisions enumerated in subdivisions (c)(vi)–(vii) of this note.

(e) Headings 9903.82.06, 9903.82.07, 9903.82.08 and 9903.82.15 apply to certain articles of copper and derivative aluminum and steel articles provided for in subdivision (c) of this note. For derivative articles provided for in subdivisions (c)(ii), (vi), and (ix), at least 95 percent of the aluminum content of the article must be composed of aluminum that was smelted and cast in the United States. For derivative articles provided for in subdivisions (c)(iv), (vii) and (x), at least 95 percent of the steel content of the article must be composed of steel that was melted and poured in the United States. For articles provided for in subdivision (c)(viii), at least 95 percent of the copper content of the article must be composed of copper that was smelt and cast in the United States. These requirements are cumulative such that a derivative article in more than one subdivision must satisfy each requirement.

Heading 9903.82.06 applies to articles classifiable in the provisions provided for in subdivisions (c)(ii), (iv), (vi) and (vii) of this note.

Except as provided for in headings 9903.82.12 and 9903.82.17, headings 9903.82.07 and 9903.82.08 apply to derivative articles classifiable in the provisions provided for in subdivisions (c)(ix)–(x) of this note. For articles for which the applicable column 1 duty rate is less than 10 percent, the sum of the column 1 duty rate and the additional *ad valorem* rate of duty pursuant to heading 9903.82.07 will be 10 percent. For articles for which the applicable column 1 duty rate

is 10 percent or higher, heading 9903.82.08 applies and no additional duty is due pursuant to heading 9903.82.07.

(f) Except as provided for in headings 9903.82.12 and 9903.82.17, headings 9903.82.10 and 9903.82.11 apply to articles provided for in subdivisions (c)(ix)–(x) of this note that do not meet the requirements described in subdivision (e) of this note. For articles for which the applicable column 1 duty rate is less than 15 percent, the sum of the column 1 duty rate and the additional *ad valorem* rate of duty pursuant to heading 9903.82.10 will total 15 percent *ad valorem*. For articles for which the applicable column 1 duty rate is 15 percent or higher, heading 9903.82.11 applies and no additional duty is due pursuant to heading 9903.82.10.

(g) Heading 9903.82.13 applies to articles that otherwise meet the criteria of subdivisions (c)(vi)–(viii) that are motorcycle parts classifiable in chapter 84, 85 or 87 for use in the manufacturing of motorcycles in the United States.”

2. The following new headings are inserted in numerical sequence, with the material in each new heading inserted in the columns of the HTSUS labeled “Heading/Subheading”, “Article Description”, “Rates of Duty 1-General”, “Rates of Duty 1-Special” and “Rates of Duty 2”, respectively:
