

4th Annual Jeffco
International Women's Day

*Enjoy several exclusive benefits with the
4th Annual Jeffco International Women's Day
on Friday, March 8, 2019*

The West Metro Chamber of Commerce is a special participating organization with Jeffco International Women's Day. This year's annual event will be held at Baldoria on the Water in Lakewood from 8:45 am to 1:30 pm and will include a "marketplace" with vendor tables, door prizes, swag bags, workshops, seminars, awards, a keynote speaker and more! Jeffco International Women's Day is an official, registered event with the global International Women's Day organization.

Merchants can participate with a Vendor Table (\$25 or \$35), by donating a door prize, promoting a special discount during the month of March, or contributing an item for the swag bag. However, the **deadline to participate is February 14**, the number of participants is limited, and is handled on a first-come, first-served basis. A limited number of corporate tables are also available.

By participating, merchants will be offered several promotional opportunities for their business before the event on March 8. These opportunities are based on how soon commitments to participate are secured. Earlier the better!

International Women's Day, always on March 8, is a globally observed day of recognition of the history, contributions and plight of women around the world. This is the fourth year that International Women's Day has been celebrated in Jefferson County, Colorado. In many countries around the world, this is a day when women are recognized for their achievements without regard to divisions, whether national, ethnic, linguistic, cultural, economic, or political. International Women's Day first emerged at the turn of the twentieth century in North America, and across Europe, and the first time it was observed nationally in the U.S. was in 1909.
