Association.

**Register Online! [www.9HealthFair.org](http://www.9HealthFair.org)**

Based on the most current research findings, the 9Health Fair Medical Advisory Committee has determined that fasting is *not required* (optional) for blood screenings.

People with diabetes should not fast • Check with your medical provider for specific recommendations • Drink plenty of water and continue to take prescription medications • Must be 18 years or older to participate in blood screenings.
