

30 People will die today in a Rural Roadway Departure – Let's save the people behind the numbers

Driving FoRRRwD with the Pillars

An FHWA EDC-5 Webinar in collaboration with NLTAPA and the National Center for Rural Road Safety

June 15, 2021

1:00-3:00 pm ET/10:00 am-12:00 pm PT

Rural roadway departures make up a third of U.S. traffic fatalities—about 30 people a day. The Every Day Counts initiative, Focus on Reducing Rural Roadway Departures (FoRRRwD), features four pillars: Addressing All Public Roads, Systemic Approach, Safety Action Plans, and Proven Countermeasures.

This webinar will focus on how several agencies are using the four pillars of FoRRRwD to reduce roadway departures.

State, local, and tribal stakeholders – come and learn how to implement the pillars to save lives in your community or jurisdiction.

Speakers and Topics to be covered include:

- **Jeevanjot Singh, NJDOT** will describe their project to develop a regional curve inventory and provide a systemic analysis for several local agencies to help them plan for and prioritize countermeasures to reduce crashes at curves, and develop projects by streamlining the delivery process at the State level.
- **James Peck, Montgomery County, Indiana** will provide an overview of how their systemic analysis led to Lane Departure countermeasures being included in their County Road Safety Plan that has been adopted.
- **Andy Avery, Chemung County, New York** will discuss how his small county used a systemic approach to develop a Local Road Safety Plan (LRSP) with 4 tiers of Roadway Departure countermeasures, and how they will implement it with funding that has been committed.

This webinar is free and open to anyone who is interested.

Registration: Participants must register in advance at

<http://connectdot.connectsolutions.com/exhc92jha0im/event/registration.html>

Space is limited. Please register as soon as possible.

The Federal Highway Administration is committed to providing equal access to this webinar for all participants. Closed captioning will be provided. If you need alternative formats or services because of a disability, please contact Jennifer Symoun at jennifer.symoun@toxcel.com with your request by close of business June 14, 2021.

Certificates of participation that may be used for 2 professional development hour (PDH) credits if accepted by your licensing agency will be available to those who attend the live webinar.

All FoRRRwD webinars are recorded and available at
