

FX Thunder H.O.G. Lighthouse Challenge for 2021

Over the centuries, Lighthouses have shown their beams of light as a navigational aid for captains at sea. Now let them serve to aid you as you enjoy riding your Harley-Davidson Motorcycle, discovering new destinations and adventures.

Time Frame: May 1 – September 19

Ride to the Lighthouse you wish, either with a group, a few friends or on your own. While you're there, get a picture of your bike with the lighthouse in the background with your Smartphone or digital camera.

Please be safe! When figuring out the best angle to get your picture, you might find yourself in the roadway- watch for traffic. While most Lighthouses are on public land, some are privately operated. Also, you might check Google Maps before you go for any updated information (i.e. if the site is closed to the public, etc.) The majority of these lighthouses can be found on LighthouseFriends.com – which also lists the history of the area, maps and visitor info.

When you get home, email your photo(s) to Dawn@FXHarley.com. Remember: Your photo must have your bike and the lighthouse in the picture (as proof you rode there). In your email please include the date you were there, the name and location of the lighthouse, and the last 6 of your bike's VIN.

The member(s) with the most lighthouses crossed off their list will win!! Only those lighthouses on this list will be counted –if you find a lighthouse and think we should include it for next year's challenge, please let Dawn know.

Deadline to submit photos: September 30, 2021
