

Spring Get-Ready Checklist

Before you rush to get to riding again, do you know if your bike is ready to go? If you did your homework before storing your motorcycle when the weather got colder, you properly winterized your motorcycle. However, when the time comes to bring your motorcycle out of winter storage, you should make sure it's up to the task. Here's a quick checklist to prepare your bike for spring.

WALK AROUND

- | | |
|---|---|
| <input type="checkbox"/> Remove Motorcycle Cover | <input type="checkbox"/> Anything Unusual |
| <input type="checkbox"/> Check Battery Tender | <input type="checkbox"/> Obvious Signs of Wear |
| <input type="checkbox"/> Look for Leaks – on & under the bike | <input type="checkbox"/> Check Oil [and Coolant] Levels |
-

Riding Gear for Proper Fit

There you have it! Remember to let your engine warm up before hammering down the road, and that your tires might still be cold and slick. We hope you stay safe and enjoy the ride – we'll see you down the road.

Regular maintenance will help keep your Harley-Davidson® motorcycle operating at peak performance. Harley-Davidson® factory-trained technicians utilize the latest diagnostic tools and Harley-Davidson Genuine Motor Parts in servicing your motorcycle to assure you of the highest-quality workmanship.
