

For over 25 years, WWf(a)C has provided a safe, non-competitive environment for individuals to develop their writing skills, cultivate their creativity, and strengthen their voices. Our writers, whether first-timers or the more experienced, find community, connection, and meaningful conversation within our circles. We encourage writing as a process of self-discovery and self-expression—a celebration of the individual voice. Our classes provide a unique setting in which honoring each other's words and learning to give and receive constructive feedback enrich participants' lives.

## Core Classes

In our **core classes**, facilitators offer writing prompts and resources, and encourage participants to choose and develop their own subject matter. Classes allow for personal writing time, sharing in large and small groups, guidance in giving and receiving useful, positive feedback, and opportunities to read aloud to an audience.
