OF DEATHS

325

There are 71 Long-Term Care Facilities in Long Beach

Data updated on 5/20/2021. Information is subject to change over time and as new data becomes available.

Surveillance Operations have moved to Monday-through-Friday instead of Monday-through-Saturday, and therefore the information provided in the Monday update will reflect new cases reported on the previous Friday (instead of the previous Friday and Saturday as had been the case), and the Tuesday update will reflect new cases reported on the previous Saturday, Sunday and Monday (instead of the previous Sunday and Monday as had been the case).

Two (2) facilities have two or fewer cases	1	1	0

- Nursing homes, skilled nursing facilities, and assisted living facilities are collectively known as long-term care facilities (LTCF).
- This list is not intended to suggest neglect or wrongdoing on the part of the facility.
- Facilities with two or fewer cases in either a resident or staff worker are not listed in order to protect patient privacy.
- The Health Department monitors LTCF with active cases. Cases include both facility residents and staff members who may not reside in Long Beach. All Long Beach residents are included in the total confirmed cases on the COVID-19 digital dashboard.
