When Should You be Screened for Breast and Cervical Cancer ?

Our Health Education team is proud to offer FREE *virtual* breast & cervical cancer screening and prevention classes!

Eligible participants will be referred to FREE breast and/or cervical cancer screening including Clinical Breast Exam, Mammogram, Pap and HPV Test. Diagnostics and treatment services are also provided for eligible participants.

One-hour virtual (ZOOM-based) classes require Internet access. *If you or someone you know doesn't have access to the internet, we are happy to schedule a 1-on-1 phone call to answer all of your questions:*
