Victor Community Support Services Approach

work as a team using a family centered approach. Our services are provided in the home, school or the community. We have a coordinated team of care service model, integrating a network of support from within the family and linking the family with community resources. Our services focus on the strengths of the family to create positive change and growth.

Partnership with the Family

Our services are designed to partner with the family using “wraparound” principals.

Families Guide the Process!

Our Programs Include:

- Screening Assessment Referral and Treatment. Ages 0-5 yrs. (SART)
- Early Identification Intervention Services. Ages 0-9 yrs. (EIS)
- Success First “Early” Wraparound
- Therapeutic Behavioral Services (TBS)

Services available in both English and Spanish.

Our Commitment

To build and strengthen families by treating them respectfully and working with them as partners throughout the service process.

Eligibility:

We primarily serve San Bernardino County Medi-Cal beneficiaries 0-21 yrs. old. In addition, we have limited ability to provide services to the uninsured. We serve all clients regardless of race, color, sex, religion, sexual orientation, marital status, national origins, ancestry or disability.

Services available for persons with disabilities. Large print available upon request.
