ABOUT CFA SOCIETY PORTLAND

CFA Society Portland is the preeminent association of investment professionals in Oregon. Consisting of portfolio managers, security analysts, investment advisors, consultants and other financial professionals, we promote ethical and professional standards within the investment industry; encourage professional development through the CFA Program and continuing education; facilitate the exchange of information and opinions among people within the local investment community and beyond; and work to further the public's understanding of the CFA designation and investment industry. As one of many CFA Institute member societies, our society connects members to a global network of investment professionals.

As an integral part of the local financial community, CFA Society Portland is committed to helping the next generation of investment professionals. We support and develop local students with scholarships, hands-on investment practice and industry connections. CFA Society Portland partners with Portland State University to allow MBA and senior-level finance students to manage CFA Society Portland's investment reserve portfolio and provides over a dozen annual scholarships to local universities. In addition, many society members volunteer their time serving on the boards of pension funds, endowments, charitable organizations and corporations to help them meet their fiduciary obligations to retirees and beneficiaries. Your support of CFA Society Portland helps further all these initiatives.
