

Women in Finance Forum • Ecotrust – Irving Street Studio • May 27, 2026 • 4:00–7:00 PM

SPONSORSHIP OPPORTUNITIES

The Women in Finance Forum aims to achieve three primary goals: firstly, to expand membership by attracting new members to each participating organization, thereby fostering a stronger community of women in finance. Secondly, the forum endeavors to drive a meaningful shift in industry metrics by actively encouraging more women to assume positions of responsibility within the financial services sector, thereby promoting positive change in gender dynamics. Lastly, through collaborative efforts among the hosting organizations, the forum seeks to provide unique value to its members by pooling resources and expertise, thereby fostering growth and advancement opportunities for women in the finance industry.
