360 Children on our Early Education Waitlist

Provided Virtual Developmental Therapy Across 16 Counties

“My gratitude is beyond words about Partners In Learning's professionalism, caring and patience during Covid-19 pandemic. Partners In Learning provides clean space, age-appropriate activities, and most importantly offers a positive, nurturing, social interaction between children and teachers. They made my husband and I feel comfortable with leaving our child in their care during this pandemic.
~Ashley Sherwood~
