Members of the Team are Encouraged to:

Contribute regularly to the new national UWYV blog ("the Venturer Voice")

Facilitate workshops and seminars for current Venturers based on past experience in the program and personal expertise

Act as a mentor to current Venturers

Attend UWYV events

Participate in regular Advisory Team outings:

- Professional development opportunities
- Conferences
- Networking events
- Etc.

Dear UWYV Alumni,

We at United Way Youth Venture would like to invite you to join a new initiative called ***The Alumni Advisory Team***.

The Alumni Advisory Team is an initiative that allows interested and passionate alumni to become more involved and take on leadership roles within in the organization.

Members of the team are invited to do such things as:

- facilitate workshops and sessions for current and potential Venturers on relevant content of their choosing
- write posts for the official blog on relevant content of their choosing
- attend any UWYV events of their choosing as leaders and members of the UWYV community
- provide insights to Venture Teams seeking advice via a mentorship-correspondence
- Attend organized Alumni Advisory Team trips/outings

It should be noted that all opportunities are offered on a completely *optional basis*. Members of the Team have complete autonomy over their participation and get to decide how involved they are in the organization at any point.

The overall objective of the Alumni Advisory Team is to re-engage the alumni population while giving the current and potential Venturer population role models and leaders to look up to.
