

Indoor Worship Services Information and Protocols

We are happy to welcome you to in-person worship in a safe and sacredly-distanced capacity in the Sanctuary. Your staff and the COVID-19 ReEntry Task Force have developed the following plan.

Worship will be limited for the in-person service to 150 people. All worshippers will covenant to follow the following COVID-safety protocol. Your attendance will serve as acknowledgement of you and your family's covenant.

The following guidelines will help to preserve the safety of those who are not able to be vaccinated for medical reasons and for our children under 12 years-old for whom there is no vaccination.

1. The use of masks will be at the discretion of persons who are fully-vaccinated. For those who are not fully vaccinated, the use of masks continues to be required. Please bring your own, although masks will be provided if someone forgets to bring it.
2. Please enter the Sanctuary ONLY through the front sanctuary doors.
3. Once inside the church, please observe 6 feet of sacred distance between the people around you.
4. Restrooms are available, but limited to single occupancy. Restrooms are located under the narthex and in the hallway behind the chancel.
5. In lieu of handshakes and hugs during the passing of the peace, we will greet each other verbally by saying, "The peace of Christ be with you."
6. Online giving or mailed-giving is encouraged. Offering plates will be located at the exit doors.
7. When worship concludes, exit the sanctuary by the side aisles and through the narthex and out through the side narthex doors.

By following these protocols, we hope to provide a safe and faithful space to worship God. Thank you for your gracious cooperation.
