VILLANOVA UNIVERSITY MASTER OF ARTS IN THEATRE

OUR PROGRAM

Villanova's Master's and Certificate Programs in Theatre offer a distinct fusion of both academic work and practical experience. Our flexible, multi-faceted degree program prepares students from a variety of disciplines to succeed on stage, behind-the-scenes and in the classroom.

The comprehensive 36-credit MA can be completed in two years as a full-time student or at your own pace as a part-time student. Funding opportunities are available in the areas of Acting, Research, Public Relations, Costumes, Set Construction and Properties Construction.

- Learn from award-winning theatre artists as you participate in our professionally directed and designed mainstage season.
- Choose from a variety of electives including acting, directing, design, playwriting, solo performance and theatre management.
- Collaborate with your peers on student-produced work ranging from new play development to fully-realized productions.
- Pursue your passion as you design a unique course of study that culminates in a thesis project in the area of your choosing.

AWARD-WINNING PRODUCTIONS

Villanova Theatre is committed to training theatre practitioners through the production of professional theatre. Our four-show seasons provide exciting opportunities to work on many aspects of our productions — from acting to design, stage management to dramaturgy.

Villanova's new Performing Arts Center, featuring three state-of-the-art performance spaces, is located just a few miles outside of Philadelphia, allowing students the chance to work with professionals in the Philadelphia area both during their time in the graduate program and after graduation. Many of our

students intern and work in professional theatres through connections made while working on a Villanova Theatre production.

Productions are directed and designed by faculty and freelance theatre artists. Graduate students are the mainstay of the season, with opportunities to be involved as actors, stage managers and production crew.

Villanova Theatre productions are attended by a large subscriber base and reviewed by media outlets from the greater Philadelphia area. Since 1995, we have received 52 nominations and six Barrymore Awards for Excellence in Theatre.

GRADUATE CERTIFICATE PROGRAMS

MA IN THEATRE WITH MPA CERTIFICATE IN NONPROFIT MANAGEMENT

Villanova University offers students the opportunity to combine their interest in theatre with a Certificate in Nonprofit Management through a collaboration between the Theatre Department and the Master of Public Administration (MPA) program. This combined program is aimed at educating theatre practitioners and scholars while providing students with the professional skills to work as administrators in nonprofit organizations.

Our MPA students take 27 credits from the Theatre Department and 12

in nonprofit management through the Master of Public Administration program.

In addition to traditional courses, the MPA program offers a variety of one-credit courses that are offered on three consecutive Saturday mornings each semester. These offerings, which range from arts marketing to social innovation, sharpen arts management skills and fulfill the remaining three credits.

When applying for the Certificate, these students must also apply to the Master of Public Administration as their secondary program. Applicants must be accepted into both programs separately and will be guided through the process by the Theatre Department Program Coordinator.

GRADUATE CERTIFICATE IN PRACTICAL THEATRE

The Graduate Certificate in Practical Theatre provides hands-on professional experience to the student who may not wish to pursue the MA degree, but would like to acquire the skills, vocabulary and methodology fundamental to the practice of theatre. These students take five performance or production courses and participate in the theatre season.

The curriculum builds from the fundamentals of acting and design to a culminating course in directing. Upon satisfactory completion of 15 credit hours, these students will be awarded the Graduate Certificate in Practical Theatre.

Certificate students must complete one production practicum consisting of 80 hours of work on a season production. This can be completed through acting, assistant stage managing, running lights or sound, or other production assignments to be determined.

“My MA in Theatre at Villanova was an essential step on my career path. Taking courses that offered me practical teaching experience allowed me to develop my own teaching style. I also feel like my Dramaturgy class helped me connect theater to the present moment, which is an essential skill in developing ancillary programming at the Wilma. The Villanova Community feels like a home. We go through a lot together. We grow together. We go our separate ways, but always feel connected to other folks that went through the program. I always feel supported by the faculty and staff at Villanova, and am always grateful for the many opportunities for growth the Villanova community afforded me.”

“The MA in Theatre afforded me the chance to work in many different areas of theatre and explore more fully those options where I felt I excelled. Having that breadth of experience has been an enormous asset and allowed me to fill many different positions in the theatre world, from designer to actor to educator. The family dynamic in the MA Theatre program is extraordinary, and it doesn't end when you graduate. I feel that I always have a network, no matter where I am in the world. ”

This culture is both mindfully and deliberately accomplished through an ardently receptive, engaged and accessible learning environment for all.

“The MA allows you to get a broader range of skills to use rather than honing in on just one area. The MPA classes taught me some of the essential skills I use at my workplace. Also, my theatre history knowledge has been very helpful, especially working with Broadway producers. ”
