

Project Resource, Spring 2024:

Project Resource equips stewardship teams with strategic training and flexible resources to design and execute annual stewardship campaigns that can be replicated and adapted in future years. Project Resource is dedicated to fostering cultural and systemic advancements around stewardship as a ministry in the Episcopal Church.

Copying and pasting stock stewardship resources year after year?

Dusting off what you did last year with a few tweaks and a different theme name?

You're doing stewardship wrong. Let's change that.
