OCEAN STATE WAVES

P.O. Box 443 Wakefield, Rhode Island 02880 www.oceanstatewaves.com

Spring is right around the quarter and the Waves are excited for the start of the 2025 Summer Collegiate Baseball season right here in Wakefield, RI. Our first home game and season opener in on Tuesday, June 3rd against south division rival the Mystic Schooners – come on down for a great evening of exciting baseball. Wave's home games are played at the newly renovated Old Mountain Field in Wakefield.

We are excited for the 2025 season. The waves missed the 2024 playoffs by one game and were denied a playoff spot due to a rain shortened play in game. We are ready for 2025 with a strong roster of young eager ballplayers chasing their dream of making it to "THE SHOW"!

Our 2025 schedule is on our website www.oceanstatewaves.com .

The OSW rely on you, our neighbors for support; consider becoming a "HOST FAMILY" for our players. Scan the QR code for more information.

Host Families

The New England Collegiate Baseball league is begining or third year of streaming games on ESPN. Many of the league's games, including many OSW games, can be found on ESPN+. These games were enthusiastically received by baseball fans across the country. ESPN plans to prepare all NECBL ballfields for broadcast in the near future. This is an exciting prospect for

our players, fans and communities. We will keep you updated as ESPN lays out their future plans.

The OSW rely on you, our neighbors for support please consider becoming a local sponsor, or donate directly on or website.

Please help us continue our mission of providing affordable and safe family entertainment in southern Rhode Island.
