Celebrating 96 years of Social Dance in Wellesley!

The Greater Boston Social Dance Program in Wellesley has been in existence since 1929. The primary objective of the program is to help children develop social skills in formal and informal settings. By learning and more importantly, practicing their social etiquette, our students walk away with great confidence by knowing what to do, not only in the ballroom, but in all situations in life. Students will learn the importance of a firm handshake, eye contact, posture, confidence, making a good first impression, standing as a sign of respect, everyday etiquette tips, escorting and seating partners and the importance of conversation. We do all of this through the elements of teaching social dances.
