Portraits are done in oil on hand primed aluminum composite or cradled birch wood panels.

The sizes listed are standard, readily available pre-cut sizes. If a custom size is desired, aluminum panels are more easily available custom ordered.

The prices listed do not include framing. Assistance with framing is happily provided on request.

For combined portraits, each additional figure and/or pet are half price. (for example: for a portrait priced at \$8000, add \$4000 for the second figure making the total price \$12,000)

Full figure portraits including hands and significant background details will reasonably increase price to accommodate additional work and time required

A deposit is required to secure a place in my schedule and begin work.
