

Streamline Accounts Receivable to Drive Revenue

Submitted by Lisa Keffer, Relationship Manager, Meduit

Does your independent hospital struggle with limited staffing and structural resources that challenge the revenue cycle? Meduit's virtual collection agency can help.

Meduit created Meduit One – a proprietary collection process where providers can resolve accounts receivable with ease and drive cash while only paying for success.

Here's how Meduit One works:

- (1) Hospital enrolls in Meduit One at www.meditone.com
- (2) Hospital representative places accounts for collections
- (3) Meduit One team begins collection process

Meduit One delivers unrivaled expertise and technology with rock-solid security and compliance assured to drive results including:

- Accelerated revenue cycle and resolved accounts that fuel your bottom line
- Greater patient engagement from Meduit One's patient-centered, compassionate team
- Real-time access to detailed reports and account activity with daily, weekly and monthly performance

Meduit One puts the power of a virtual collection agency at your fingertips so you can focus on patients, not payments, while only paying for success.
